

Nursing update

Readers' Choice voting starts this week

Voting for the Wichita Eagle's 7th annual Readers' Choice awards will run from Friday, July 21, until 5 p.m. Monday, Aug. 14 – providing an opportunity to promote the wonderful care provided at our Wichita hospitals and outpatient clinics.

Best hospital categories include Best Emergency, Cancer, Heart, Pediatric and Birth and Overall Care, with the winners in each determined by garnering the most online votes.

Plus, every voter is given the opportunity to win \$250 in a random drawing and the winning businesses will be announced in a special section in late September.

Be sure to look for the link that will be going up on the Source as soon as it goes live on Friday; you can vote daily, so be sure to take a moment to show your support for the great care you and your Via Christi teammates provide and cast yours each day.

“We hear about the tremendous difference you make in the cards, letters, email and online reviews we receive every day,” says Carla Yost, system chief nursing officer. “Let’s all pitch in and make sure we get to read about it in the newspaper, too!”

RN Residency Clinical Excellence Fair

Via Christi Hospitals in Wichita will be celebrating clinical excellence from 8 a.m. to noon on Friday, July 21, in the Guadalupe Conference Room at Via Christi Hospital St. Francis.

Our 2017 nursing residents will be presenting nurse-driven initiatives in their clinical areas supported by the latest evidence and standards of care in quality improvement, patient safety, process improvement and patient satisfaction.
